Respondent	Answer
1425511	The TA was particularly helpful. I have enjoyed the discussion of cosmology we had during the TA sessions as well as the guidance to understand the topics cover in the class.
1432833	The T.A. was very helpful in answering any questions we had about concepts learned in class or problem sets, but without giving away the answers. She was very good at responding to emails, as well as going out of her way to provide help for students.
